

Detailed Plans For Center Told

Complete one-stop shopping facilities which will include leading regional and national chain department stores, supermarket, drug store, variety, shoe, and apparel shops in addition to more than 50 smaller shops is the plan laid out for the new South Bay Shopping Center at Hawthorne Ave. and 174th St., according to Robert H. Adler, general manager of the new center.

Facilities of the new center, for which site preparation is nearly complete, will include a bank, medical and professional offices, and top line restaurant accommodations. Adler reported to the HERALD this week.

Also planned for the center, which has been announced here previously, is a 54-lane bowling alley which will be equipped with automatic pinsetters.

Good Road Network
Supporting the new center will be a vast and growing residential area which surrounds the site. The center also will be served by excellent major thoroughfares such as 174th St. and Hawthorne Ave. two state highways which feature divided roadways which can handle thousands of automobiles an hour without congestion.

In addition to the traffic arteries leading to the center, two public transportation systems, the Torrance Municipal Bus Lines and the Sunset Stages, are planning service to the area.

Area Defined
The area from which the new center will draw traffic extends almost to Inglewood on the north, Compton on the northeast, and Wilmington and Palos Verdes on the southeast and south.

The primary trading area has a population of about 205,600 and the secondary area another 177,900 according to figures made public this week by Adler. In another 15 years, or by 1970, the primary area will include 350,000 residents and the secondary area another 250,000, according to estimates made in connection with development of the center.

Covers 57 acres
The center will cover 57 acres of level terrain and will represent an investment of \$9,500,000 in land and buildings alone, Adler said. It will provide a total in excess of 450,000 square feet of shopping area and additional parking space for 3000 automobiles.

Construction on the medical center is scheduled to begin within a few weeks and the recreation center — bowling alley will be started soon afterward, Adler reported. Construction of other facilities will follow throughout the summer months.

ORCHESTRA IN REHEARSAL . . . The Torrance High School orchestra is shown here in rehearsal for the concert planned for May 6 at the Torrance High School Auditorium.

Four high school music groups will be featured in the concert under the direction of Martin Baum, band instructor for the school.

High School Plans Concert For Spring

First Spring Concert presented by the music department at Torrance High School will be held May 6, at 8 p. m. in the high school auditorium. It was announced this week.

The High School Orchestra will be one of four music groups to perform at this concert. The orchestra will play three selections, "The Pique Dame Overture," by von Suppe; "Komm! Susser Tod and Sarrabande," from the 6th Sello Suite by J. S. Bach; and the "Oklahoma Selection," by Rodgers and Hammerstein.

The orchestra has made good progress in the last two years, having gone to the musical festival last year making them the first orchestra from Torrance ever to participate in this event, according to director—Marty Baum.

Six students represented the orchestra this year in the All California High School Orchestra. Selected for the honor were Sally Bridgeman, Fabiola Madrigal, Joan Vachalek, Jack Johnston, Lenord Kissel, and Jim Thompson.

"We have some excellent musicians in the orchestra, this year," Baum said. "I am very proud of the group since most of them have given up their own time in order to appear in the group."

INVESTMENT GAIN
Gross private domestic investments in the U.S. increased by 490 percent from 1939 to 1951, one of the strongest gains on record.

DEVIL, VS. CUPID . . . Shown rehearsing for the three original one-act plays to be presented at Torrance High School Auditorium tomorrow night at 8 p.m. are Jeff Carr, Tom Vanderpool, Jim Cool, Connie Stout, and Jeanne Woodall. The three plays were written by Tom Quaglin, Jeff Carr, and Bud Pool. The plays are completely student-written and directed, and Rosemary DeCamp will present awards. Tickets are available at the door.
